

## Jobpartners Ranked as One of Fastest Growing Technology Companies in the UK in the 2007 Deloitte Technology Fast 50

*Jobpartners attributes its rapid growth to high market demand for effective people relationship management solutions*

**London, 25 October 2007** — Jobpartners, the European leader of software solutions dedicated to the PRM (People Relationship Management) market, today announced that it has been ranked in the 2007 Deloitte Technology Fast 50, a ranking of the 50 fastest growing technology companies in the UK. Rankings are based on average percentage revenue growth over five years.

Xavier Marchioni, CEO of Jobpartners, credits the company's rapid growth over the past five years to major customer wins and renewals, the expansion of its presence in Europe with the opening of new offices, and a major recruitment campaign. He said, "This is the second year running we have been listed in the Deloitte Fast 50 which is a fantastic achievement for Jobpartners, and a great recognition of the past year's success in Europe and in the US. Companies across the world are having problems finding and retaining talented people, and therefore need solutions to help them manage their talent effectively. This business challenge is helping to drive the impressive growth rate of Jobpartners and I expect our expansion to continue."

"Growing the top line enough to make the Deloitte Technology Fast 50 is especially meaningful during competitive times for the technology sector," said Simon Kerton-Johnson, Chairman of Deloitte's UK & Ireland Fast 50. "We congratulate Jobpartners on becoming one of the 50 fastest growing technology companies in the London region."

### **Fast 50 Selection and Qualifications**

The Fast 50 list is compiled from Deloitte's nominations submitted directly to the Fast 50, and public company database research. To qualify for the Fast 50, entrants must have had 2002 operating revenues of at least £34,000. Deloitte researchers examined financial statements to validate operating revenues.

Entrants must also be public or private companies headquartered in a participating region of the UK and must be a "technology company," defined as a company that owns proprietary technology that contributes to a significant portion of the company's operating revenues; or devotes a significant proportion of revenues to the research and development of technology. Using other companies' technology in a unique way does not qualify.

### **About Jobpartners**

Founded in 2000 and headquartered in London, Jobpartners provides software solutions for qualitative human resources management and People Relationship Management (PRM). The leader in the European market, the company's innovative and straightforward approach provides companies with strategic value by enabling them to establish privileged relationships with new job applicants and current employees. The company's solutions address recruitment issues as well as internal mobility, performance management, executives and key people management, succession planning and career management. With four subsidiaries in Europe, Jobpartners has clients in 45 countries and across all industry sectors. Jobpartners has been ranked in Real Business' Hot 100

list in 2006 and 2007, and in The Sunday Times Tech Track 100 list of 2006 and 2007. In addition, Jobpartners has been recognised in the Deloitte Technology Fast 50 in 2006 and 2007. For more information, please visit [www.jobpartners.com](http://www.jobpartners.com).

### **About Deloitte**

In this press release references to Deloitte are references to Deloitte & Touche LLP, which is among the country's leading professional services firms. Deloitte & Touche LLP is the United Kingdom member firm of Deloitte Touche Tohmatsu ("DTT"), a Swiss Verein whose member firms are separate and independent legal entities. Neither DTT nor any of its member firms has any liability for each other's acts or omissions. Services are provided by member firms or their subsidiaries and not by DTT. Deloitte & Touche LLP is authorised and regulated by the Financial Services Authority.
